READ THIS ENTIRE AGREEMENT BEFORE SIGNING. In consideration for Alaron Trading Corporation acting as FCM for the Undersigned in the purchase and sale of commodity futures contracts, commodity option contracts, cash commodities and all other transactions related thereto (hereinafter "Commodity Interests"), the Undersigned agrees as follows:

1. **Agency.** Customer authorizes FCM to purchase and sell Commodity Interests for Customer's account in accordance with Customers' oral, written or electronic instructions as given to FCM by Customer's Introducing Broker ("IB") or Associated Person ("AP") or Floor Broker. Customer authorizes FCM, for the accounts of Customer, to make such advances and expend such monies and, whenever possible to borrow and deliver such monies or securities or properties as may be required with respect to such transactions. All orders to buy or sell Commodity Interests must be complete and contain the following information: (a) Whether such order is a buy or sell order; (b) Customer's Identity and account number; (c) Commodity Interest; (d) Quantity; (e) Price, if applicable; (f) Contract delivery month; (g) Any special instructions.
2. **Margins.** Customer shall deposit with FCM sufficient funds to meet the applicable initial and maintenance margin requirements. FCM may reject any order if Customer does not have sufficient margin on deposit and may delay the processing of any order while determining the correct margin status of Customer's account. Customer shall, without notice or demand, maintain adequate margins at all times so as to continuously meet the margin requirements established by FCM. FCM may establish margin requirements and from time to time change such margin requirements in its sole and absolute discretion and said requirements may exceed the margin requirements set by any commodity exchange or other regulatory authority. Customer agrees, when requested by FCM, to immediately wire transfer funds to adequately maintain margins and to furnish FCM with the names of bank officers for immediate confirmation of such transfers. Choosing not to demand wire transfer of funds or the acceptance of funds by mail shall not constitute a waiver of the right of FCM to demand wire transfer of funds at any time. If at any time Customer's account does not contain the amount of margin required, FCM may, in its sole and absolute discretion, without notice or demand to Customer, close out Customer's open position(s) in whole or in part or take any other action it deems necessary to satisfy such margin requirements. Failure of FCM to close out open position(s) in whole or in part in such circumstances shall not constitute a waiver of its rights to do so at any time thereafter, nor shall FCM be subject to any liability to Customer for its acts or its failure to so act.
3. **Treatment of Funds.** Customer will maintain two accounts (2) on the books of the FCM. One designated "Regulated" where all transactions designated as regulated by the Commodity Futures Trading Commission ("CFTC") will be carried and the other designated "Nonregulated" where all other transactions will be carried. FCM is hereby authorized to transfer funds as it deems necessary between these accounts.
4. **Indemnification.** Customer agrees to pay all debit balances and interest on debit balances at the rate of eight percent (8%) for the entire period the debit shall exist. Customer further agrees to indemnify and hold FCM harmless against and from any and all deficits, losses, costs and damages (including costs and attorney's fees incurred in collecting such) sustained by FCM resulting, directly or indirectly, from any action or omission by Customer with respect to the account(s), including but not limited to, any debit balances which may occur in Customer's account, taxes that FCM may be required to pay on any commodity interest or other property held in the accounts of the Customer or fine or penalty that FCM may be required to pay because Customer caused FCM to violate any statute, regulation or rule of any exchange or regulatory body.
5. **Reimbursement.** In the event Customer institutes any action, proceeding or claim of any nature whatsoever against FCM, and FCM is successful, either totally or partially, in defending such action, proceeding or claim, Customer shall reimburse FCM, upon demand, for all costs and expenses (including reasonable attorneys fees) incurred by FCM in defending such action, proceeding or claim. It is further agreed that Customer shall reimburse FCM on demand for any and all costs or expenses incurred by FCM in collecting any amounts due from Customer to FCM hereunder.
6. **Acknowledgment Risks.** Customer acknowledges that Commodity Interests trading is a highly speculative activity involving highly leveraged and rapidly fluctuating markets. Despite such risks, Customer is willing and able to assume the financial risks and other hazards of Commodity Interests trading and agrees that Customer will in no manner hold FCM responsible for losses incurred by following IB's or FCM's trading recommendations or suggestions and expressly hereby waives any claims therefor. Customer has read and understands the Risk Disclosure Statement.
7. **Commission Fees.** Customer agrees to pay to FCM any fees and/or commission charges in effect from time to time and other costs to FCM occasioned by carrying the account of Customer. Customer agrees that FCM may debit Customer's account for customary brokerage and commission charges and for charges for any other services rendered by FCM, including all payments made on behalf of Customer. Which charges may vary from time to time, without notice to Customer. Customer agrees to pay any additional fees or commissions charged for taking and/or making deliveries, interest, fees levied by the Regulatory authorities and commissions and fees charged for the transfer of the Customer's account to another FCM.

8. **Interest.** In accordance with CFTC Regulation 1.29, the FCM may receive and retain as its own any increment or interest resulting from the proper investment of the funds held in the Customer's account.
9. **Security Interest.** Customer grants FCM a security interest in all monies, securities, negotiable instruments, open positions in Commodity Interests and all receipts or other documents representing underlying commodities, including without limitation warehouse receipts, and all commodities represented by such receipts or other documents or other property now or at any future time held in Customer's account or which may be in FCM's possession for any purpose, including safekeeping, to secure payment of all obligations of Customer to FCM irrespective of the number of accounts Customer may have with FCM. FCM may at any time, in its sole and absolute discretion, liquidate any of the above-mentioned items in order to satisfy any margin or account deficiencies including but not limited to debit balances resulting from transactions executed by the FCM for the Customer, interest charges, service charges, expenses incurred by FCM, including court costs and attorney's fees incurred in collecting debit or deficit balances of Customer in any account and may transfer said property or assets to the general ledger account of FCM or pledge, transfer or lend such items, all without liability on the part of FCM to Customer or any third party. Furthermore, FCM is also granted a security interest on all proceeds which now or at any time may come into the Customers account, and the Customer agrees to execute any and all documents including Uniform Commercial Code financing statements, deemed necessary or advisable by FCM to evidence or perfect such security interest. FCM shall also have full authority to set off, in addition to other rights set forth in this Agreement, all debts owing to the FCM by the Customer against any and all claims which the Customer may have against the FCM. Customer agrees that all demands for debits owing FCM shall be met within twenty-four (24) hours following either of (i) Customer's receipt of FCM's oral request for payment or (ii) FCM's delivery to Customer of FCM's written request for payment (except as payment modified with respect to wire and telephone requests for margin funds as herein set forth).

10. **Deliveries/Failure to Deliver.** At least two days prior to the first notice day in the case of long positions in futures or forward contracts and at least two business days prior to the last trading day in the case of short positions in futures or forward contracts, Customer agrees either to give FCM instructions to liquidate or make or take delivery under such futures or forward contracts. Customer understands and acknowledges that additional risks exist when participating in the delivery process. As such, Customer agrees to deposit such additional funds as FCM requires and provide any documents FCM deems necessary including, but not limited to, proof of ability to accept or make delivery. Alaron may require Customer to maintain 100% of the underlying cash value of a contract prior to its expiration. Should such margin or documentation not be received, FCM may exercise its right to liquidate such positions in such contracts. Any such liquidation shall be performed at FCM's sole discretion.

If at any time Customer shall be unable to deliver to FCM any security, commodity or other property previously sold by FCM on Customer's behalf, Customer authorizes FCM, in FCM's sole discretion, to borrow or buy and deliver the same, and Customer shall immediately pay and indemnify FCM for any costs, interest, losses and damages (including consequential costs, losses and damages) which FCM may sustain from its inability to borrow or buy any such security, commodity or other property. In the event FCM takes delivery of any security, other property or commodity for Customer's account, Customer agrees to indemnify and hold FCM harmless from and against any loss it may suffer resulting, directly or indirectly, from any decline in value of said security, commodity or other property.

11. **Market Information.** Customer acknowledges that (a) any market recommendations or information communicated to Customer do not constitute an offer to sell or the solicitation of an offer to buy any Commodity Interest; (b) any books, pamphlets or other information regarding market conditions or recommendations of the profitability of any particular trade or trades Customer may receive from FCM is deemed by FCM to have been obtained from sources believed to be reliable; and © FCM and the IB make no representation, warranty, or guarantee as to, and shall not be responsible for the accuracy or completeness of, any information or trading recommendations furnished to Customer. Customer understands that FCM, its affiliates or representatives, and/or the IB may have a position in and may intend to buy or sell Commodity Interests which are the subject of market recommendations furnished to Customer, and that the market position of FCM or any such affiliate or representative and/or the IB may or may not be consistent with the recommendations furnished to Customer by FCM and/or the IB.
12. **Government and Exchange Rules.** All transactions under this Agreement shall be subject to the applicable constitution, rules, regulations, customs, usages, rulings and interpretations of the exchanges or markets on which such transactions are executed by FCM for Customer's account and, where applicable, to the provisions of the Commodity Exchange Act, as amended, and the rules and regulations promulgated there under and to any other applicable government statutes, rules and regulations, and to the rules and regulations of the NFA.
13. **Exchanges.** Unless otherwise specified, FCM is authorized to execute such orders upon any exchange or other place which may be deemed by FCM, in its sole discretion, to be most desirable.

14. **Liquidation of Accounts.** In the event (a) of Customer's death or, in the case of a joint account, the death of the last survivor thereof; (b) of a decision to dissolve and/or liquidate by a corporate Customer, which decision shall be immediately communicated to FCM; (c) of the filing of a petition of Bankruptcy by or against Customer; (d) of the institution of any similar state, federal or other insolvency proceedings by or against Customer; (e) of the appointment of a receiver for Customer or for any of the assets of Customer; (f) an attachment is levied against Customer's account (or any of them); (g) a notice of levy with respect to Customer's account (or any of them) is served on FCM by any competent taxing authority; (h) Customer fails to timely meet any margin calls; (i) information provided by Customer on Account Application is found to be false; or (j) FCM, for any reason whatsoever, deems itself insecure or if necessary for FCM's protection, then FCM is hereby authorized, in its sole discretion, to sell any or all of the Commodity Interests or other property of Customer which may be in FCM's possession, or which FCM may be carrying for Customer, or to buy in any Commodity Interests or other property of which the account or accounts of Customer may be short, or cancel any outstanding orders, in order to close out the account or accounts of Customer in whole or in part or in order to close out any commitment made on behalf of Customer all without any liability on the part of FCM to Customer, or any third party. Such sale, purchase or cancellation may be made according to FCM's judgment and may be made at its sole discretion, on the exchange or other market where such business is usually transacted, without notice to Customer or the legal representative of Customer, and FCM may purchase the whole or any part thereof free from any right of redemption, and Customer shall remain liable for any deficiency, it being understood that a prior tender, demand or call of any kind from FCM, or prior notice from FCM, of the time or place of such sale or purchase shall not be considered a waiver of Brokers rights to sell or buy any Commodity Interests or other property held by FCM or owned by Customer, at any time as hereinbefore provided or to be deemed to require any such tender, demand, call or notice on any subsequent transaction. Further, FCM may, at its option, cause a whole or partial liquidation of Customer's account or the straddling of existing open positions in the event they cannot be satisfactorily liquidated because the market is up or down the limit.
15. **Assignment.** The FCM may assign the Customer's account or accounts to another registered FCM by notifying the Customer of the date and name of the intended assignee FCM ten (10) days prior to the assignment. Unless the Customer objects to the assignment in writing prior to the scheduled date for the assignment, the assignment will be binding on the Customer.
16. **Notice.** All communications, reports, statements, monies, securities, negotiable instruments, and other property shall be mailed or otherwise transmitted to Customer at Customer's account mailing address as shown on the Customer Agreement or to such other address as may have theretofore been designated in writing, and all communications so sent, whether by mail, telegraph, messenger or otherwise, shall be deemed received by Customer personally at the time so sent whether actually received or not.
17. **IB as Third Party Beneficiary.** Customer hereby agrees that any Introducing Broker utilized by the Customer under the Agreement shall be a third-party beneficiary under the Agreement and that the obligations of Customer under the Agreement as they relate to FCM or IB shall be directly enforceable by IB as against Customer.
18. **Events Beyond Control of FCM.** FCM shall not be responsible for any loss or damage caused directly or indirectly, by any events, actions or omissions beyond the control of FCM, including without limitation, loss or damage resulting, directly or indirectly, from any delays or inaccuracies in the transmission of orders or other information due to a breakdown in or failure of any transmission or communication facilities.
19. **All Reports Final.** Reports of executions and all statements of account rendered by FCM from time to time to Customer shall be conclusively deemed correct and final, unless Customer gives telephonic or telegraphic notice to the contrary, not later than forty-eight (48) hours after receipt by Customer of information. Margin calls shall be conclusively deemed correct and final if not objected to immediately by telephone or wire. ALL SUCH OBJECTIONS MUST BE DIRECTED BY TELEGRAPH OR TELEPHONE TO AN EXECUTIVE OFFICER AT THE FCM'S EXECUTIVE OFFICE LOCATED AT 822 W. Washington, Chicago, Illinois 60607. Statements, equity runs or other account data sent or transmitted by anyone other than FCM (i.e. IBs, CTAs, etc.) may be inaccurate. Customer agrees to hold harmless FCM for any losses or damages he/she may incur as a result of requesting and/or receiving account information from anyone other than FCM.
20. **Online/Electronic Trading.** Customer acknowledges all information received and orders placed through FCM via electronic or online means (hereinafter "System") are at Customer's sole risk. Customer understands that orders which are sent directly to the floor may not stop at Customer's broker or order desk to be reviewed. As a result, errors made in the transmission of the order are the responsibility of Customer. Further, if orders are sent directly to the trading floor (or to an electronic trading system) Customer acknowledges that there are limits set by commodity on the maximum number of contracts on an order going directly to the floor.

FCM reserves the right to require a margin deposit prior to the execution of any order placed electronically or via online means. If any order which customer enters places his/her account in an undermargined condition, FCM's margin policy

applies. FCM will not be responsible for any delay or failure to provide online or electronic service, including the execution of any order, in the event that there is a restriction on your account or you delay or fail to make such a margin deposit.

Customer further acknowledges that FCM may terminate Customer's access to the System, or any portion thereof; or, place restrictions upon Customer's trading account, for reasons FCM in its sole discretion, may deem necessary, including but not limited to, Customer's account being undermargined or in a deficit position; FCM finding that the data contained in Customer's account application is false or no longer valid; Customer's breach of this Agreement; or, the unauthorized use of Customer's account number or other password(s). Customer understands that if there is a restriction on his/her trading account, (s)he will not be able to use the system's online/electronic trading function.

Customer agrees to immediately notify FCM of any loss or theft of Customer's account number or password for entry into the System. Customer further agrees to immediately notify FCM of any inaccurate account information in any report Customer receives while accessing online/electronic services.

21. **Binding Effect.** This Agreement, including all authorizations, shall inure to the benefit of FCM, its successors and assigns and shall be binding upon Customer and Customer's personal representatives, executors, trustees, administrators, successors and assigns.
22. **Modification.** This Agreement may be altered, modified or amended by FCM from time to time by written notice to Customer unless Customer shall object within three (3) business days of receipt thereof to such modification, alteration or amendment. No other modification, amendment or addition to this Agreement shall be effective unless reduced to writing and signed by both Customer and a duly authorized representative of the FCM. This instrument embodies the entire Agreement of the parties, superseding any and all prior agreements and there are no terms, conditions or obligations other than those contained herein.
23. **Trading Representations.** The Customer understands that on certain trading days, trading in certain commodities, commodity options, leverage contracts and underlying commodities or futures contracts may cease or expire and that, with respect to commodity options and underlying commodities or futures contracts traded outside the United States, trading days and hours may not coincide with domestic trading days or hours and that these may result in financial disadvantage to Customer. The Customer hereby agrees to hold FCM, FCM's officers, partners, and agents including the IB harmless against such loss.
24. **Further Representations.** The Customer represents, warrants and agrees that: (a) All of the information contained on the Customer Agreement is true, correct and complete as of the date hereof and since FCM is relying thereon undersigned will promptly notify the FCM of any changes herein; (b) Trading in Commodity Interests is within the power of the Customer and such activity will in no matter contravene the provisions of any statutes, rules or regulations, judgments, orders or decrees or agreements to which the Customer is bound or subject; (c) If Customer is a corporation, it is duly organized and in good standing under the laws of the state of its incorporation and every state in which it does business; (d) The actions of the authorized person designated on the Customer Agreement to act for the Customer has been authorized by all necessary or appropriate corporate action if applicable, such person has full authority to execute this Customer Agreement and all related documents on behalf of the Customer and to act for Customer in all matters regarding Customer's account(s) and FCM may at all times rely on the fact of such authority without any duty to investigate into either the authenticity or extent thereof; (e) If applicable, Customer will confirm the matters contained in paragraph 23(d) by supplying FCM, within a reasonable time, prior to the commencement of trading, with an executed copy of resolutions of the Board of Directors of Customer in a form prescribed by FCM; (f) If Customer is a partnership, the partnership has express authority to speculate in Commodity Interests; and (g) Customer has never been suspended or barred from trading by the CFTC or any predecessor agency or any other federal or state regulatory agency or any exchange or a trade association, and Customer undertakes to notify FCM of any change in such status within two (2) business days of any such change; (h) Customer will not commence any legal or administrative proceeding against FCM or its agents until any deficit balance in Customer's account(s) is satisfied.
25. **Verification.** Customer authorizes FCM to contact such banks, financial institutions and credit agencies as FCM shall deem appropriate from time to time to verify the information regarding Customer which may be provided by Customer from time to time. Customer understands that an investigation may be made pertaining to his personal and business credit standing and that Customer may make written request within a reasonable period of time for disclosure of such investigation's nature and scope.
26. **Conversion Rate Risk.** In the event that FCM is directed to enter into any Commodity Interest contract on any exchange or board of trade involving transactions effected in a foreign currency: (a) any profit or loss arising as a result of a fluctuation in the rate of exchange affecting such currency will be entirely for the Customer's account and risk; (b) be made in U.S. Dollars in such amounts as FCM may, in its sole discretion require, and (c) FCM has the sole discretion to

convert funds in Customer's account into and from such foreign currency at a rate of exchange determined by FCM as it deems necessary and proper and on the basis of then prevailing money markets.

27. **Telephone Recording.** Customer acknowledges, authorizes and consents to the recording of Customer's telephone conversations with FCM or any of its agents or associated persons by means of electronic recording devices with or without the use of an automatic tone warning device. Customer understands, authorizes and consents to the use of such recordings, and/or transcripts thereof, as evidence by either party in any action arising out of this Agreement. This paragraph authorizes both parties to record, but does not require either party to do so. FCM may, but shall not be required, in its normal course of business, to erase such recordings 7 days following their production.
28. **Joint Account.** If this is a joint account, the Customers agree, jointly and severally, that the foregoing Agreement and all matters contained herein are the joint and several rights and obligations of the Customer. Each of the Customers has the authority to act on behalf of the joint account as if s(he) alone were interested therein all without notice to the others interested in said account, including but not limited to conferral or revocation of authority hereunder. All property of any one or more of the Customers held or carried by FCM shall be as collateral security and with a general lien thereon for the payment of debits, losses or expenses incurred in the joint account and vice versa, however arising. In the event of death or legal incapacity of any of the Customers, the survivor(s) immediately shall give FCM notice and FCM may, before or after receiving such notice, take such action, require such documents, retain such assets and/or restrict transactions as FCM deems advisable to protect FCM. Liability of the Customer hereunder shall pass to any estate or personal representative of the Customer. This joint account can be opened as "Tenants In Common" or with right of survivorship. "Tenants In Common" means upon death of any of the Customers the FCM will divide the joint account into separate equal accounts in each of the Customers' respective names, but Customers shall continue to be liable on the joint account hereunder until FCM has received actual notice of such death or incapacity. "With right of survivorship" means, upon death of any of the Customers, the survivor(s) shall be vested with this joint account, subject to notice and ability as aforesaid. If no instruction is given above, the Customers shall be deemed Joint Tenants with Right of Survivorship.
29. **Lending Agreement.** Should Customer take delivery of commodities through futures contracts, FCM is obliged to make full payment for the delivery on 24 hours notice. If the balance in Customer's account is not adequate to pay for the delivery, the warehouse receipts (representing the delivery) become property carried on margin in Customer's account, since they are not fully paid for by Customer. The purpose of the lending agreement is to allow FCM to use the warehouse receipts as collateral for a bank loan, the proceeds of which are used to pay for the warehouse receipts until re-delivery of the commodity and/or payment in full by Customer. Customer hereby authorizes FCM from time to time to lend, separately or together with the property of others, either to itself or to others, any property which FCM may be carrying for the undersigned on margin. This authorization shall apply to all accounts carried by FCM for the undersigned and shall remain in full force until written notice of revocation is received by FCM at FCM's principal office.
30. **Authorization To Transfer, Liquidate And Apply Funds.** Until further notice in writing from the undersigned, FCM is hereby authorized at any time and from time to time, without prior notice to the undersigned, to transfer from any account or accounts of the undersigned maintained at FCM or any exchange member through which FCM clears customer transactions, such excess funds, securities, commodities, commodity futures contracts, commodity options, and other property of the undersigned as in FCM's sole judgment may be required for margin in any other such account or accounts or to reduce or satisfy any debit balances in any other account or accounts provided such transfer or transfers comply with relevant governmental and exchange rules and regulations applicable to the same. FCM is further authorized to liquidate any property held in any such account or accounts of the undersigned whenever in FCM's sole judgment such liquidation is necessary in order to effectuate the above authorized transfer and application of property. Within a reasonable time after making any such transfer or application, FCM will confirm the same in writing to the undersigned.

RISK DISCLOSURE STATEMENT

Foreign Futures and Foreign Options

This statement is furnished to you because Rule 30.6 of the Commodity Futures Trading Commission requires it.

The risk of loss in trading foreign futures and foreign options can be substantial. Therefore, you should carefully consider whether such trading is suitable for you in light of your financial condition. In considering whether to trade foreign futures or foreign options, you should be aware of the following:

1. Participation in foreign futures and foreign options transactions involves the execution and clearing of trades on or subject to the rules of a foreign board of trade.
2. Neither the Commodity Futures Trading Commission, the National Futures Association nor any domestic exchange regulates activities of any foreign boards of trade, including the execution, delivery and clearing of transactions, or has the power to compel enforcement of the rules of a foreign board of trade or any applicable foreign laws. Generally, the foreign transaction will be governed by applicable foreign law. This is true even if the exchange is formally linked to a domestic market so that a position taken on the market may be liquidated by a transaction on another market. Moreover, such laws or regulations will vary depending on the foreign country in which the foreign futures or foreign options transaction occurs.
3. For these reasons, customers who trade foreign futures or foreign options contracts may not be afforded certain of the protective measures provided by the Commodity Exchange Act, the Commission's regulations and the rules of the National Futures Association and any domestic exchange, including the right to use reparations proceedings before the Commission and arbitration proceedings provided by the National Futures Association or any domestic futures exchange. In particular, funds received from customers for foreign futures or foreign options transactions may not be provided the same protections as funds received in respect of transactions on United States futures exchanges. Therefore, you should obtain as much information as possible from your account executive concerning the foreign rules which will apply to your particular transaction.
4. You should also be aware that the price of any foreign futures or foreign options contract and, therefore, the potential profit and loss thereon, may be affected by any variance in the foreign exchange rate between the time your order is placed and the time it is liquidated, offset or exercised.

I have received a separate copy of the above risk disclosure statement, have read and fully understand it.

OPTIONS DISCLOSURE STATEMENT

BECAUSE OF THE VOLATILE NATURE OF THE COMMODITIES MARKETS, THE PURCHASE AND GRANTING OF COMMODITY OPTIONS INVOLVE A HIGH DEGREE OF RISK. COMMODITY OPTION TRANSACTIONS ARE NOT SUITABLE FOR MANY MEMBERS OF THE PUBLIC. SUCH TRANSACTIONS SHOULD BE ENTERED INTO ONLY BY PERSONS WHO HAVE READ AND UNDERSTOOD THIS DISCLOSURE STATEMENT AND WHO UNDERSTAND THE NATURE AND EXTENT OF THEIR RIGHTS AND OBLIGATIONS AND OF THE RISKS INVOLVED IN THE OPTION TRANSACTIONS COVERED BY THIS DISCLOSURE STATEMENT. BOTH THE PURCHASER AND THE GRANTOR SHOULD KNOW WHETHER THE PARTICULAR OPTION IN WHICH THEY CONTEMPLATE TRADING IS AN OPTION WHICH, IF EXERCISED, RESULTS IN THE ESTABLISHMENT OF A FUTURES CONTRACT (AN "OPTION ON A FUTURES CONTRACT") OR RESULTS IN THE MAKING OR TAKING OF DELIVERY OF THE ACTUAL COMMODITY UNDERLYING THE OPTION (AN "OPTION ON A PHYSICAL COMMODITY"). BOTH THE PURCHASER AND THE GRANTOR OF AN OPTION ON A PHYSICAL COMMODITY SHOULD BE AWARE THAT, IN CERTAIN CASES, THE DELIVERY OF THE ACTUAL COMMODITY UNDERLYING THE OPTION MAY NOT BE REQUIRED AND THAT, IF THE OPTION IS EXERCISED, THE OBLIGATIONS OF THE PURCHASER AND GRANTOR WILL BE SETTLE IN CASH. A PERSON SHOULD NOT PURCHASE ANY COMMODITY OPTION UNLESS HE IS ABLE TO SUSTAIN A TOTAL LOSS OF THE PREMIUM AND TRANSACTION COSTS OF PURCHASING THAT OPTION. A PERSON SHOULD NOT GRANT ANY COMMODITY OPTION UNLESS HE IS ABLE TO MEET ADDITIONAL CALLS FOR MARGIN WHEN THE MARKET MOVES AGAINST HIS POSITION AND, IN SUCH CIRCUMSTANCES, TO SUSTAIN A VERY LARGE FINANCIAL LOSS. A PERSON WHO PURCHASES AN OPTION SHOULD BE AWARE THAT IN ORDER TO REALIZE ANY VALUE FROM THE OPTION, IT WILL BE NECESSARY EITHER TO OFFSET THE OPTION POSITION OR TO EXERCISE THE OPTION. IF AN OPTION PURCHASER DOES NOT UNDERSTAND HOW TO OFFSET OR EXERCISE AN OPTION, THE PURCHASER SHOULD REQUEST AN EXPLANATION FROM THE FUTURES COMMISSION MERCHANT OR THE INTRODUCING BROKER. CUSTOMERS SHOULD BE AWARE THAT IN A NUMBER OF CIRCUMSTANCES, SOME OF WHICH WILL BE DESCRIBED IN THIS DISCLOSURE STATEMENT, IT MAY BE DIFFICULT OR IMPOSSIBLE TO OFFSET AN EXISTING OPTION POSITION ON AN EXCHANGE. THE GRANTOR OF AN OPTION SHOULD BE AWARE THAT, IN MOST CASES, A COMMODITY OPTION MAY BE EXERCISED AT ANY TIME FROM THE TIME IT IS GRANTED UNTIL IT EXPIRES. THE PURCHASER OF AN OPTION SHOULD BE AWARE THAT SOME OPTION CONTRACTS MAY PROVIDE ONLY A LIMITED PERIOD OF TIME FOR EXERCISE OF THE OPTION.

THE PURCHASER OF A PUT OR A CALL IS SUBJECT TO THE RISK OF LOSING THE ENTIRE PURCHASE PRICE OF THE OPTION – THAT IS THE PREMIUM PAID FOR THE OPTION PLUS ALL TRANSACTION COSTS.

THE COMMODITY FUTURES TRADING COMMISSION REQUIRES THAT ALL CUSTOMERS RECEIVE AND ACKNOWLEDGE RECEIPT OF A COPY OF THIS DISCLOSURE STATEMENT BUT DOES NOT INTEND THIS STATEMENT AS A RECOMMENDATION OR ENDORSEMENT OF EXCHANGE-TRADED COMMODITY OPTIONS.

(1) Some of the risks of Option Trading.

Special market movement of the underlying future or underlying physical commodity cannot be predicted accurately.

The grantor of a call option who does not have a long position in the underlying futures contract or underlying physical commodity is subject to risk of loss should the price of the underlying futures contract or underlying physical commodity increase by an amount greater than the premium received for granting the call option.

The grantor of a call option who has a long position in the underlying futures contract or underlying physical commodity is subject to the full risk of a decline in price of the underlying position. In exchange for the premium received for granting a call option, the option grantor gives up all of the potential gain resulting from an increase in the price of the underlying futures contract or underlying physical commodity above the option strike price if the option is exercised against the grantor.

The grantor of a put option who does not have a short position in the underlying futures contract or underlying physical commodity (i.e., commitment to sell the physical) is subject to risk of loss should the price of the underlying futures contract or underlying physical commodity decrease by an amount in excess of the premium received for granting the put option.

The grantor of a put option on a futures contract who has a short position in the underlying futures contract is subject to the full risk of a rise in the price in the underlying position. In exchange for the premium received for granting a put option on a futures contract, the option grantor gives up all of the potential gain resulting from a decrease in the price of the underlying futures contract below the option strike price if the option is exercised against the grantor. The grantor of a put option on a physical commodity who has a short position (e.g., commitment to sell the physical) is subject to the full risk of a rise in the price of the physical commodity which must be obtained to fulfill the commitment reduced by the premium received for granting the put. In exchange for the premium, the grantor of a put option on a physical commodity gives up all the potential gain which would have resulted from a decrease in the price of the commodity

below the option strike price upon exercise or expiration of the option.

(2) Description of Commodity Options.

Prior to entering into any transaction involving a commodity option, an individual should thoroughly understand the nature and type of option and the underlying futures contract or underlying physical commodity involved. The futures commission merchant or the introducing broker is required to provide, and the individual contemplating an option transaction should obtain, a description of the following:

- (i) the futures contract or the physical commodity which is the subject of the option;
- (ii) the quantity of the underlying futures contract or underlying physical commodity which may be purchased or sold upon exercise of the option or, if applicable, whether exercise of the option will be settled in cash;
- (iii) the procedure for exercise of the option contract, including the expiration date and latest time on that date for exercise (the latest time on an expiration date when an option may be exercised may vary; therefore, option market participants should ascertain from their futures commission merchant or their introducing broker the latest time the firm accepts exercise instructions with respect to a particular option);
- (iv) a description of the purchase price of the option including the premium, commissions, costs, fees and other charges (since commissions and other charges may vary widely among futures commission merchants and among introducing brokers, option customers may find it advisable to consult more than one firm when opening an option account);
- (v) a description of all costs in addition to the purchase price which may be incurred if the commodity option is exercised, including the amount of commissions (whether termed sales commissions or otherwise), storage, interest, and all similar fees and charges which may be incurred;
- (vi) an explanation and understanding of an option grantor's initial margin requirement and obligation to provide additional margin in connection with such an option position, or a position in a futures contract, if applicable;
- (vii) a clear explanation and understanding of any clauses in the option contract and to any terms included in the option contract explicitly or by reference which might affect the customer's obligation under the contract including any policy of the futures commission merchant or the introducing broker or rule of the exchange on which the option is traded that might affect the customer's ability to fulfill the option contract or to offset the option position in a closing purchase or closing sale transaction (for example, due to unforeseen circumstances that require suspension or termination of trading); and

- (viii) if applicable, a description of the effect upon the value of the option position that could result from limit moves in the underlying futures contract.

(3) The Mechanics of Option Trading.

Before entering into any exchange-traded option transaction, an individual should obtain a description of how commodity options are traded.

Option customers should clearly understand that there is no guarantee that option positions may be offset by either a closing purchase or closing sale transaction on an exchange. In this circumstance, option grantors could be subject to the full risk of their positions until the option positions expire, and the purchaser of a profitable option might have to exercise the option to realize a profit.

For an option on a futures contract, an individual should clearly understand the relationship between exchange rules governing option transactions and exchange rules governing the underlying futures contract. For example, an individual should understand that action, if any, the exchange will take in the option market if trading in the underlying futures market is restricted or the futures prices have made a "limit move."

The individual should understand that the option may not be subject to the daily price fluctuation limits while the underlying future may have such limits, and, as a result, normal pricing relationships between options and the underlying future may not exist when the future is trading at its price limit. Also, underlying futures positions resulting from exercise of options may not be capable of being offset if the underlying future is at a price limit.

(4) Margin Requirements.

Commodity Futures Trading Commission rules require the purchaser of an option to pay the full option premium when the option position is opened. Before granting an action, an individual should fully understand the applicable margin requirements, and particularly should be aware of the obligation to put up additional margin money in the case of adverse market moves.

(5) Profit Potential of an Option Position.

An option customer should carefully calculate the price which the underlying futures contract or underlying physical commodity would have to reach for the option position to become profitable. This price would include the amount by which the underlying futures contract or underlying physical commodity would have to rise above or fall below the strike price to cover the sum of the premium and all other costs incurred in entering into the exercising or closing (offsetting) the commodity option position.

Also, an option customer should be aware of the risk that the futures price prevailing at the opening of the next trading day may be substantially different from the futures price which prevailed when the option was exercised. Similarly, for options on physicals that are cash settled, the physicals price prevailing at the time the option is exercised may differ substantially from the cash settlement price that is

determined at a later time. Thus, if a customer does not cover the position against the possibility of underlying commodity price change the realized price upon option exercise may differ substantially from that which existed at the time of exercise.

(6) Deep-Out-Of-The-Money Options.

A person contemplating purchasing a deep-out-of-the-money option (that is, an option with a strike price significantly above, in the case of a call, or significantly below, in the case of a put, the current price of the underlying futures contract or underlying physical commodity) should be aware that the chance of such an option becoming profitable is ordinarily remote.

On the other hand, a potential grantor of a deep-out-of-the-money option should be aware that such options normally provide small premiums while exposing the grantor to all of the potential losses described in section (1) of this disclosure statement.

(7) Fees.

Alaron Trading Corporation charges a fee for options to each customer, Introducing Broker, or Commodity Trading Advisor. Customers of Introducing Brokers or Commodity Trading Advisors may or may not be charged a fee which differs from this basic Alaron Trading Corporation fee. You should check with your broker to determine the exact amount of the fee which you are to be charged.

(8) Glossary of Terms.

- (i) Contract market – Any board of trade (exchange) located in the United States which has been designated by the Commodity Futures Trading Commission to a list of futures contract or commodity option for trading.
- (ii) Exchange-traded option; put option; call option – The options discussed in this disclosure statement are limited to those which may be traded on a contract market.
